

RESOLUTION

ACFS Opposes statewide restriction or legislation that limits public health mitigation measures in the State University System during a global pandemic

Whereas, the Advisory Council of Faculty Senates (ACFS) is charged with advising the Chancellor of the State University System (SU) and the Board of Regents (BOR) on behalf of the faculty of the State University System (SUS) regarding the implementation of public health mitigation measures in the State University System during a global pandemic.

semester, and petition members of the Florida Legislature to prioritize the health and safety of the State Universities in Florida more generally by repealing or amending the related limitations in SB 2006.
